

Verona Borough participates in the Allegheny County Vacant Property Program.

Through this program, qualifying applicants can obtain either a vacant lot or a vacant blighted structure that has at least 3 years of tax delinquency.

An applicant must:

- Be current on their own property for real estate taxes, water, sewer, and refuse bills on any property they own in Allegheny County.
- Have NO outstanding code violations or municipal liens on any property they own in Allegheny County.

This program can help people acquire properties, including vacant lots and vacant structures, in our community that are vacant, abandoned and blighted, at a reduced cost.

Please read the attached information in its entirety for complete eligibility requirements.

NOTE: Because 51% of Verona's households are low to moderate income, the acquisition fees for side yards to primary residences and the rehabilitation or demolition of blighted structures will be partially underwritten subject to funding availability.
